"American Sniper" is a sham

Join radio host and former U.S. marine Phil Taylor, as well as Islamic scholar Zafar Bangash, for a special presentation on the misleading film that is sweeping through box offices everywhere. Learn how "American sniper" promotes myths about Iraq, Arabs, the "War on Terror," and plays to our basest instincts in a cynical bid to sell support for this heinous war. Did you know that:

- Chris Kyle lied that he punched out U.S. governor and former wrestler Jesse Ventura?
- Chris Kyle claimed to have shot 30 'looters' during Hurricane Katrina?
- The war against Iraq had absolutely nothing to do with stopping terrorism?
- The movie has encouraged **Islamophobia** among ordinary Americans?
